

## Effective

Silver, the active ingredient, is an aggressive, broad-spectrum antimicrobial, even against drug resistant strains of bacteria

## Natural

Silver is a naturally occurring, safe and non-toxic antimicrobial agent

## Safe

The finish is EPA and NSF approved and FDA listed for use in medical and food preparation equipment

## Long Lasting

Controlled release mechanism ensures continuous effectiveness. Can't be wiped off even with aggressive chemical cleaners

## MicroShield's Benefits Are Certified

- Passed JIS Z 2801:2000 test including: Escherichia coli and MRSA
- Passed long-term test
- Conducted by acknowledged, independent research bodies/institutes in UK (RSSL Pharma) and Germany (ISEGA)

ASSA ABLOY, the global leader  
 in door opening solutions

CURRIES is pleased to announce MicroShield™ antimicrobial technology available on prefinished doors and frames.

Bacterial contamination is an important issue in hygiene-sensitive facilities such as hospitals, clinics, and schools. Safeguarding your building with surfaces that suppress bacteria growth between normal cleaning procedures can be an extra countermeasure in the fight against the spread of germs.

MicroShield antimicrobial technology is a silver-based resin that continuously destroys organisms in three ways - by attacking the cell wall, interrupting metabolism, and preventing reproduction.

To learn more about the MicroShield technology for prefinished doors and frames call your CURRIES Representative or log onto [www.curries.com](http://www.curries.com)

### MicroShield™

As part of their promise to provide innovative solutions to their customers, ASSA ABLOY Group companies offer the MicroShield technology, a silver-based antimicrobial coating designed to stem the spread of germs and bacteria. MicroShield™ is a registered trademark of Yale Security Inc., an ASSA ABLOY Group company. These materials are protected under U.S. copyright laws. Other products' brand names may be trademarks of their respective owners and are mentioned for reference purposes only. All contents current at time of publication. ASSA ABLOY reserves the right to change availability of any item in this product bulletin its design, construction, and/or materials.
